

# EZ Baccarat

EZ Baccarat is played the same way as traditional baccarat. EZ Baccarat eliminates the 5% commission after every winning Bank hand without modifying any of the existing drawing rules of the standard game.

Instead of taking a commission when the Bank wins with a total of 7 consisting of 3 cards - the Bank hand is a “push” or “barred.” The Player hand and Tie bets lose, as normal.

There are three ways to bet in EZ Baccarat: the bank, the player and/or the tie. If the hands end in a tie, there is no action on the bank’s or player’s hand. All tie bets are paid 8 to 1. Each hand is dealt two cards. The total of the two cards determines whether a third card is drawn. The third card drawn to the player determines whether the bank draws a card on 3, 4, 5 and 6. If the first two cards given to the banker are 7 and the player’s hand totals 6 or 7, or if the banker or player has a natural 8 or 9, no third card will be drawn. Tens and face cards have no value. Total the cards together and go by the last digit

## THIRD CARD RULES

When the “Point Count” for either the “Banker Hand” or the “Player Hand” after the initial two cards is eight (8) or (9), it is a “Natural” hand and neither the Banker nor the Player may draw a third card.

## PLAYER RULES:

Point Count 0 thru 5 - Player must draw

Point Count 6 or 7 - Player hand must stand

Point Count 8 or 9 - Natural, both Player and Banker must stand

## BANKER RULES:

If the Player’s hand does not receive a third card, the Banker’s hand shall be dealt a third card if the Point Count of the Banker’s Hand is 5 or less. If the Player’s Hand is dealt a third card, Point Count 0 thru 2 - Banker must draw Point Count 3 - Banker must draw, unless Player’s third card is an 8 Point Count 4 - Banker must draw only when the Player’s third card is a 2 thru 7 Point Count 5 - Banker must draw only if the Player’s third card is a 4 thru 7 Point Count 6 - Banker must draw only if the Player’s third card is a 6 or 7 Point Count 7 thru 9 - Banker will always stand

## DRAGON 7™ & PANDA 8™:

The Banker wins with a 3-card total of 7 (called Dragon 7); and optional bets made on this winning outcome are paid 40 to 1. The Banker side is a “Push”. All other bets lose.

The Player wins with a 3-card total of 8 (called Panda 8); and optional bets made on this winning outcome are paid 25 to 1. The Player side is paid even money. All other bets lose.
