

# THREE CARD POKER

THREE CARD POKER is designed to offer the player an opportunity to enjoy an exciting poker game which is fun, fast-paced and easy to learn. With two betting methods, the game offers two games in one. A person can bet one method or the other, or both, giving three ways to play. Plus, a unique extra bonus feature allows the player four ways to win.

## WAGERS

- Bet the ANTE to play against the dealer.
- Bet the PAIRS PLUS to play against the posted pay table. This may be bet alone or in addition to the ANTE wager, and may be different amounts.
- In addition to the ANTE and PAIRS PLUS wager, one may also bet the SIX CARD BONUS to play against that posted pay table.
- All wagers must be placed before the cards are dealt.

## ACTION

Each player and the dealer are dealt three cards.

Players with an ANTE will either:

- Fold and forfeit the ANTE.
