## BUSTER BLACKJACK

### GAME BASICS

Buster Blackjack is an exciting optional side bet for blackjack that pays whenever the dealer “busts”. Players’ electing to make the optional side bet will receive a payout based on the total number of cards in the dealers “busted” hand.

### PLAYING THE GAME

1. Make the mandatory blackjack bet to enter the base blackjack game.
2. Make the optional Buster Blackjack bet.
3. Players may win both bets if the dealer busts.
4. If the dealer busts, the payouts to the player are based on the number of cards in the dealer’s busted hand. When a dealer busts with 8 cards, it awards the top payout.
5. If all players’ hands bust, the dealer must still play out his hand according to house rules if any Buster bets have been made.
6. If the dealer does not bust, all Buster bets lose.

## TRILUX BONUS

### GAME BASICS

TriLux Bonus is an exciting side bet for blackjack that considers the first two cards a player receives and the dealer's up card. If the cards make a flush, straight or three of a kind, the player wins. The value of the player's hand is independent of the dealer's hand and is unaffected by the dealer's blackjack.

### PLAYING THE GAME

1. To begin each round, players make their standard blackjack wagers and the TriLux wager.
2. The dealer then follows house procedures for blackjack.
3. Once players and the dealer have two cards, the dealer settles all TriLux wagers according to house procedures. If players have a winning hand combined from the player's first two cards and the dealer's up card, they win according to the pay table. If their hand is not a winning hand, players lose their TriLux wager.

**Note:** If a player has more than one winning TriLux combination on a single hand, only the highest ranking hand according to the pay table shall be paid.

## LUCKY GEORGE

Is a payout that goes to the dealer token pool. When a player wins a corresponding TriLux wager, the dealer will get a payout as well.
